

**2017 DURELL VINEYARD  
CHARDONNAY**

This has some aging potential - if you like the rewards that older, well-built Chardonnay can bring, this one is up to some cellar time. It rings with cool climate acidity, which props up rich apple, lemon crème and peach fruit, which are joined by a soft toffee note that adds depth and complexity. The acid structure keeps everything knit together through a long, mouthwatering finish.
