2017 RED HILLS
CABERNET SAUVIGNON

“This grows at Andy Beckstoffer’s vineyard in the Red Hills, planted in obsidian-rich volcanic soils, yielding a complex, red-currant-rich high-altitude cabernet. The fruit has an elegant feel, with notes of mulberries to darken the currant tones. Some overt oak needs time to meld into the wine, but there is plenty of fresh fruit underneath to stay the course.” – J.G. 6/20 Wine & Spirits Magazine
